*** Please note: The training of NEW Establishment Licence Holders or named persons responsible for compliance is expected to deliver the relevant legal and ethical issues relating to the use of animals under A(SP)A and that new establishment licence holders are expected to undertake accredited training at least in modules L + E1. Further, it is recommended that they also take additional training provided by LASA through the Establishment Licence Holders' Forum.

This workshop will focus on the core job for new/recent (3 years)/prospective Establishment Licence Holders ***
